Subject: [External] Extreme limousine of SC LLC pending

My company is a pending Class C Charter Bus applicant in the name "Extreme Limousine of SC LLC" and our docket number is 2020-95-T. To date, Extreme Limousine of SC LLC has met two of the three Office of Regulatory Staff (ORS) requirements. We have current insurance on file that meets the minimum insurance limits, and we have submitted a completed safety certification form.

We were recently informed by the S.C. State Transport Police (STP) that, due to COVID-19, all safety audits for Charter Buses are on hold. These onsite audits have been suspended until further notice by both FMCSA and STP.

We are writing to request an expedited, one time waiver of the Class C Charter Bus safety audit requirement. Without this audit, we are not able to obtain a certificate through ORS. We are fully prepared to begin operations, but are not able to do so until we receive a certificate.

Thank you for considering our expedited request for this waiver.
